

The 20th Hwarangdae International Symposium:
The 7th International Conference on Design and Analysis of Protective Structures

HIS-DAPS 2019

December 4-6, 2019

KOREA MILITARY ACADEMY, SEOUL, KOREA

“The Present and Future of Protective Technology”

Closing of abstract submission	July 28, 2019
Deadline of early-bird registration	Sep 23, 2019
Deadline of regular registration	Dec 03, 2019

SESSION TOPICS

The Present and Future of Protective Technology
D1 Protective Concepts and Design
D2 Underground Facilities Survivability
D3 Explosive Storage Design and Safety
D4 Protection of Mechanical and Electrical Systems
D5 Impact/Explosion Tests
D6 Structural and Material Behavior under Impact/Explosion Loading
D7 Progressive Collapse
D8 Penetration Analysis
D9 Numerical Modelling and Simulation
D10 Others Issues related protection technology

※ Please note that session topics can be changed according to the number of submissions received.
